Subject: CONTRACT SSC-56 ²⁰

Dear Doug:

When you were out here in the early part of December we discussed the proposal you had sent us in your letter of November 28, 1955. The proposal was titled "Assumptions and tentative understandings pertaining to entitlements of Contractor's personnel and the method of handling financial obligations of such employees at forward base of operations".

In our discussion of the proposal certain changes were suggested and noted by you. It was my understanding that you would discuss the proposal and suggested changes with other concerned contractors, and if no basic changes developed in these discussions, you would prepare the program in final form and send us a copy for our information and guidance. I would like to have at least three (3) copies of the final draft or permission to reprint "controlled" copies of the subject matter for our personnel on the project requiring the information contained therein.

Since we are rapidly approaching the date when this program will go into effect I am anxious to have all pertinent matters thoroughly understood, in advance of that date, by all concerned personnel. Please forward to me as soon as possible the copy(s) of the final draft.

Yours very truly,

Hal
